SUMMARY

I craft websites that look stunning, load fast, and convert visitors into customers. I also share my knowledge and help others master web development. With expertise in React, Next.js, Node.js, WordPress, Shopify, and modern design tools, I turn ideas into profitable, scalable digital experiences. Choose me if you want results, reliability, and a developer who actually delivers.

WORK EXPERIENCE

MERN Stack Developer — Heapware Technologies   Dec 2024 – Nov 2025

- Built full-stack web apps using Next.js, Node.js, Express, and MongoDB.
- Created APIs and connected backend services with the frontend.
- Focused on making apps scalable, secure, and easy to use.

Mern Stack Developer Intern — Ideoversity   Jan 2024 – Nov 2024

- Built and maintained web applications using MongoDB, Express, React, and Node.js.
- Worked on front-end and back-end features, ensuring smooth functionality and good user experience.
- Collaborated with the team to turn ideas into working projects efficiently.
